Thu 7th Feb 11:06am

I would like to tell few words about Joey's room educator. They are really taking good care of my son & even all the kids in equal priority. Nithya, Sonika & Mamatha are really helpful for us to understand the things of us . Being a mom I find hard at some Times when my son cry at daycare but Sonika understands mum feeling & giving more relief to me by taking care of my son & giving more supportive words to me aswell . Today I felt more relaxed because of Sonika's give me a moral support when I feel bad for my son . Fi is always there to share our experience with Soccs so I feel more comfortable with Soccs team. Good work.

**In reply to OB: Sebastian's Motor Skills**

Thank you Abbey! Sebastian definitely is getting stronger and picking up more motor skills, and is better able to grasp things with his hands. He has also recently started to roll, both back to front and front to back, although not consistently yet, and he often needs a little help with this.

Hi Ladies,  
I love seeing how the children were sitting there so patiently and interested during the cooking activity. They looked so well disciplined!!!! You teachers are amazing to have these 2-3 year olds sitting down so attentively waiting for their turn. I love how you really know the children and know what to do that works for them!  
You are a great team!

She is more confident than ever before. We will work on the goals together. Thank all educators for encouraging and inspiring Lynlee.

Thank you Shivi and the team for taking good care of Noah. We can see a progress in his daily activities since he joined S.O.C.C.S. To be specific I was quite impressed to watch him doing his entire toileting process on his own last Friday. I hope he will learn much more in the upcoming days.

Kind regards,

Hi Soccs Team,  
Thank you so much for inviting us to your Christmas party on LAST Saturday. It was lots of fun and such a great mix of people – we enjoyed catching up with familiar faces and meeting lots of new people too. Plus the food was absolutely delicious... we're still talking about the Jumbling castle , Pets & dance show which you guys organised on that day.

We hope you enjoyed the morning as much as your guests surely did. Your parties are always the highlight of our holiday season. Thank you for going to so much effort for us all.

Have a fabulous Christmas!

I think families are well supported at SOCCS. I say this because whenever I felt the need the educators were always supportive in answering any questions or getting back with the right information, whenever I am running late to work I have always been able to rely on educators like Abbey, Nithya, Julie, Sonika and all the others in the Joey's room, to help me put my son's belongings or change him up or if I have forgotten something. They've been extremely supportive.

Dear Rong Su,

We are very touched and grateful to have such a responsible and caring educator like you, and your nice colleagues as well. The yearly report you issued for our daughter is extremely detailed and focused. It's a great pleasure and pride for us to know that Connie has been growing well and fulfilling the goals you have set for her. Thank you so much for your great efforts and constant support in the past year! Much appreciated!

Connie's shyness in public to speak and her lacking confidence and initiative to approach others for playing are fully noticed by us. We are also encouraging her to build up her confidence as always. We hope she will learn more social networking skills and develop more self-confidence in her future life. We also hope she will get more encouragement and support to try new things boldly. She is sensitive in changes and circumstances and she has her own way to accept them, usually it will take her some time, so patience and proper guidance is vital for her.

We sincerely thank you again for your great efforts to take care of and support our daughter. She has much potential and we wish the best of her. We will support your educational work and keep being good parents at home.

We wish you all the best and will enjoy a wonderful Christmas-New Year holiday. Keep in touch!

Best regards,  
Xianlu Guo & Xiulian Liu

Thanks Sonika for the update. Thanks Nynthia for being patient with Grace

It is such a great feeling seeing Grace settling in comfortably for the very first time yesterday. She walked straight towards Sonika, quickly sitting down to enjoy reading time and waving goodbye to mum.

That happens again today, Grace quickly sat down and enjoyed her morning tea. I didn't have any problem saying goodbye to her.

Thanks Sonika, Nithya, Cherry, Mamatha and everyone else for looking after the Joeys.

You are welcome!  
We are so pleased with Claudia's development this past year. She comes home and tells us everything that she's learned. Not to mention her behavior improvements. We still have room to grow, but that's for next year in the Wombats room which she is already very excited about. Have a great holidays too! You all deserve it.

Hi SOCCS,

This is to inform you that 1st July (day inclusive) will be Arinjay's last day at SOCCS. Please accept this email as our official 2 week notice.

We have recently bought a house in Engadine. We will be moving in the first week of July.

We want to take this opportunity to thank everyone at SOCCS for giving Arinjay the most nurturing, loving and at the same time educational environment we would have hoped for. For us as parents, every interaction with the team at SOCCS has been courteous, professional and thoughtful. Words can't express how special memories of Arinjay growing up at SOCCS will remain for us for many, many years to come.

Today 10:58am

Good Morning SOCCS,  
Aashrith shared his Educators' day experience. Looks like everyone had fun.

Just wanted to take this opportunity to thank all the Koala Educators at SOCCS for taking care of Aashrith, helping him develop and teaching good manners.

Aashrith has made significant progress in his communication, confidence and made new friends since joining SOCCS.

Thank you!!!

Today 9:08am

Kazel and staff in koalas room. Your message about cleaning and not touching each other is working well with William. This morning he wouldn't let me touch him because I had not sanitized my hands. It felt good to see him be so empowered to tell me how he and his friends stay safe. Keep it up because he seems to feel more comfortable and he is starting to voice what he needs to feel more comfortable with everything going on.

Thanks again!

### In reply to Road Safety (Spontaneous puppet story)

Thankyou Mimi, for accepting our request to talk about road-safety. It was very well narrated by you, as I have seen a BIG change in Vasanth's road-awareness after he heard your puppet-story. Thanks again, for understanding our concerns, and educating our child (and his friends).  
Kind Regards, Diksha
